Your Curbside Collection Just Got Easier

Beginning July 3, your residential curbside trash and recycling will be picked up by an automated side-load truck.

Residents will no longer have to provide their own bins. All trash must be inside of the cart with the lid closed. **We will no longer collect any material left outside of the cart.**

Prior to your start date, you will receive a new 96-gallon wheeled bin specific to your address. There is no need to be home to receive your bin. Bins will include additional instructions for placement, a collection calendar, and frequently asked questions.
