### Southbridge Recycling and Disposal Park

165 Barefoot Road  
Southbridge, MA 01550  
(508) 765-9723

### Division of Solid Waste Management Permit No. W045668 and W068640

#### Soils Submittal Package

The following information is required to obtain approval for the reuse of soil at the Southbridge Municipal Landfill.

Customer:  Origin:  Amount:

1. LSP letter stating the following:

- \_\_\_\_\_ Analytical data was reviewed.
- \_\_\_\_\_ The analytical data is representative of the material to be delivered.
- \_\_\_\_\_ The material is appropriate for reuse at SML with reference to DEP Policy #COMM-97-001.
- \_\_\_\_\_ The volume of material to be delivered.
- \_\_\_\_\_ LSP signature and license number.

2. \_\_\_\_\_ Diagram of the project site with sample locations shown.

3. \_\_\_\_\_ Table 1 Summary of Analytical Data.(see attached sample)  
\_\_\_\_\_ Laboratory data to support Table 1.

4. \_\_\_\_\_ Bill of Lading or Material Shipping Record, which ever is required by #COMM-97-001

5. \_\_\_\_\_ Signed haul route acknowledgement.

6. Sampling Company:

Analytical Laboratory:

Sample Protocol:   
(ex. 10 samples at 1/500 cubic yards)

7. LSP Name, Company and Number:

8. Current and historic use of the site:

**Note:** Southbridge Municipal Landfill uses a 48 hour approval process. Any soils shipped prior to facility approval will be denied access to this facility with no exceptions

Table 1  
Summary of Analytical Data  
Range of Concentrations Detected from Composite/In-Situ Sampling

Contaminant	Reuse Levels (in ppm unless noted)		Range of Concentrations*	MCP Method 1 S-1 Standards
	Lined Landfill	Unlined Landfill		310 CMR 40.0975 (6) (A)
Total Arsenic	40	40		30
Total Cadmium	80	30		30
Total Chromium	1,000	1,000		1,000
Total Lead <sup>1</sup>	2,000	1,000		300
Total Mercury <sup>2</sup>	10	10		20
Total Petroleum Hydrocarbons (TPH)	5,000	2,500		800
Total PCB	<2	<2		2
Total SVOC	100	100		CS
Total Poly Aromatic Hydrocarbons (PAH)	100	100		CS
Total VOC	10	4		CS
Conductivity	8,000 umhos/cm	4,000 umhos/cm		NE
TCLP (if required)	(<5Pb) (<0.2Hg)	(<5Pb) (<0.2Hg)		NE

Note:

<sup>1</sup>TCLP analysis required if sample result is above 100 ppm.

<sup>2</sup>TCLP analysis required if sample result is above 4 ppm.

ppm = parts per million.

CS = compound specific

NE = not established

\* Use alternate table for three or more samples.

Is the material below the MCP Method 1 S-1 Soil Standards?                      310 CMR 40.0975 (6) (A)                      **YES** \_\_\_ **NO** \_\_\_

Is the material suitable for use In accordance with the Table 1 requirements of DEP Policy #COMM-97-001 for disposal at a LINED landfill?                      **YES** \_\_\_ **NO** \_\_\_

Is the material suitable for use In accordance with the Table 1 requirements of DEP Policy #COMM-97-001 for disposal at an UNLINED lined landfill?                      **YES** \_\_\_ **NO** \_\_\_

**RE: Southbridge Landfill Hauler Route Acknowledgement**

**Designated Haul Route**

See the attached map depicting the proper haul route. All vehicles carrying material to the Southbridge Landfill (or empty vehicles exiting the landfill) must follow the designated haul route:

- Route 90 (Mass Pike) to Route 20 East to Route 169 South to Commercial Drive.
- Route 84 to Route 20 East to Route 169 South to Commercial Drive.
- Route 20 East or West to Route 169 South to Commercial Drive.
- Route 169 North to Commercial Drive.

There is no exception to the haul route that would allow vehicles carrying material to the landfill (or empty vehicles exiting the landfill) to use Pleasant Street, Ayers Road or H. Foote Road. Below are the penalties enforceable by the Southbridge Board of Health for failure to follow the proper haul route.

**Penalties**

**A. First Offense:** One (1) month suspension of access rights for the driver involved in the infraction.

**B. Second Offense:** Permanent suspension of access rights for the driver involved in the infraction. The driver may petition the Board for reinstatement after one year has passed from the date of the second offense.

If a company's drivers commits more than three offenses in a one year period<sup>1</sup> (1 The three offenses can be a combination of three drivers making one offense, or one driver making two offenses and one driver making one offense.) the company's access rights shall be permanently suspended. Notwithstanding the foregoing, the suspended company may petition the Board for reinstatement.

All vehicles must obey the posted speed limits. Please pay close attention to the posted speed limit of 20 mph on Commercial Drive.

HAULER ACKNOWLEDGEMENT

On behalf of myself, my company, and my employees, agents, and subcontractors (“Hauler”), I understand and agree that the above requirements are conditions that all haulers must meet in order to access the Southbridge Landfill. I agree that I will ensure that all employees, agents, and subcontractors are aware of these requirements. I understand and agree that Hauler’s failure to adhere to these conditions will result in enforcement action, including but not limited to temporary or permanent expulsion from the use of the Southbridge Landfill. I understand and agree that the above is not an exhaustive list of all legal requirements which Hauler must meet, and that nothing in this letter shall release Hauler from compliance with all applicable federal, state and local laws, regulations and rules.
